6.00PM - Championships. In order to give as many competitors as possible the opportunity to compete in the evening performance, we have slightly changed how the evening Championships will work. Any riders receiving 'finalist' rosettes in daytime classes will qualify for the championship. Riders will wear their finalist rosettes instead of placing rosettes for the championship. Not only will this give more people the opportunity to compete in the championships, but will allow it to be judged fairly as a separate class, with no previous results being taken into account.
